

Davis Legacy Parking Shift Program

During the tournament season, volunteering to work parking shifts can be a great way to reduce your overall financial burden. Parking shifts are offered during all legacy tournaments and other large events, and we always need volunteer workers. For every hour of volunteer work during a parking shift, the club will reduce your financial burden by \$17. All shifts are 3 hours unless noted on the schedule – on some occasions, shifts are 2 or 4 hours long. A mass email will be sent out a week before each tournament, allowing you to sign up to work, so please check your email periodically. Team managers will generally forward the link as well, so you may get the message several times.

Please note the following:

1. This is a volunteer program.
2. Volunteering for a parking shift DOES NOT count toward your other mandated club or team volunteer hours
3. All sign-ups are first come, first serve and are subject to deletion without notice if the outlined rules/policies are not followed.
4. If there are players/families on your team without email access who wish to work parking, please get their contact info (name/phone etc.) to the Parking Coordinator at:
parking@davislegacysoccer.org

Rules/Guidelines:

1. All "shifts" signed up for are subject to change based on operational needs (e.g. if you sign up for ticket sales, you may be asked to staff exit)
2. Provide ALL required/asked-for information when signing up
3. Teens (16+) can work IF they are assertive and responsible (this means being able to tell adults where to park politely)
4. Arrive 10 minutes before the shift starts and sign in at the main entrance (EVERY shift)
5. Do NOT leave until your replacement arrives
6. Last shifts INCLUDES take down
7. No-shows, repeated tardiness, and late cancellations are among the reasons you may not be allowed to work future shifts
8. Amounts will be credited to your player's account within two (2) weeks after the tournament ends.
9. Davis Legacy reserves the right to prioritize parking shifts for low and moderate-income families.
10. Davis Legacy reserves the right to limit shifts to families to prevent hoarding and excessive sign-ups and ensure that other families within the club have an opportunity to participate in the program.
11. All rules/guidelines are subject to change at any time by Davis Legacy to meet the club's financial and operational needs.

Please remember that the people working in parking are often the first and last point of contact for visiting teams/families. Please help us maintain our reputation for having professional and friendly volunteers!
